THE Constitution is good enough as it is. What is the use of changing it?

EACH of the eight ballot-boxes will be labelled with the title of the proposed amendments to the Constitution, and the tickets will read, "For Ameudment," and "Against Amendment."

REMEMBER that an enumeration is no a census, and that if we do not have an enumeration of the people in 1875 the present unjust Senatorial apportionment will continue until 1882, if not longer,

THE naughty New York World which has eaten dirt for many years to secure the entire patronage of the South, made a mistake the other day. Feeling secure of its position as the leader of the South, it made some remarks in relation to the Richmond duel. This the Raleigh News don't like, and it calls upon the people of the South to support a Baltimore paper instead! This "aint our fight" but we feel the importance of sustaining the are amused nevertheless.

THE News advises Gen. Hill not to notice Parson Brownlow's last letter. The General should have stopped before he begun. That would have been the best way. We are glad to see but few papers are willing to publish either side of the disgusting controversy, beneath the dignity of journalists. We are no admirer of the Parson, and never publish his letters, but Gen. Hill's attack on Gen. Canby was uncalled for and unchristian. He deserved to be scored for it, though we do not approve fo the style in which it was done.

Instructions:

As the method of voting on the Constitutional Amendments is not thoroughly understood by the people, we publish the following, that there be no mistakes.

There must be eight boxes at each voting place, beside those for township officers, on each of which must be labeled the amendment to be voted upon. In this county the labels will be printed in large, plain type, that there be no mistakes.

The following is the form of each

Amendment to the Constitution of North Carolina in relation to the Public Amendment to the Constitution of

North Carolina in relation to the office of Superintendent of Public Works. Amendment to the Constitution of

North Carolina in relation to the State

Amendment to the Constitution of North Carolina in relation to exemption from taxation.

Amendment to the Constitution of North Carolina in relation to the Uni-

Amendment to the Constitution of North Carolina in relation to the ses-

sions of the General Assembly. Amendment to the Constitution of North Carolina in relation to the Code

Amendment to the Constitution of

North Carolina in relation to Federal and other officers holding office.

The ballots may be written or printed, and need contain but the words "For Amendment," or "Against Amendment." In this county the tickets against the amendments are printed in slips of eight, so that each voter can tear them apart for each box as he votes. All persons opposed to the amendments

To-Morrow.

At eight o'clock to-morrow morning the Sheriff will open the polls in the various wards of the city and county for the purpose of electing township officers for the ensuing two years, and to vote upon the acceptance or rejection of the proposed Constitutional Amendments. We need not at this late hour say anything more upon the merits or demerits of them; they have been before the people for months, and for the past few weeks have been very thoroughly discussed. It only remains now to say VOTE. We have endeavored to lay the question fairly before our friends, and have freely expressed our own opinion in relation to them, and, although it has been remarked often by the Democratic press that the question is not a political one, there are some political questions involved which we think warrant our friends in voting them down. It is time that this everlasting question of changing the Constitution be settled, and we hope it will be, effectually, to-morrow. It becomes now the duty of canvassers and others interested to see that a full square vote be polled to-morrow, and they should neglect all other duties and attend to this one. We have but a few words to say in

relation to the township nominations. We believe it to be the duty of Republicans to stand by their nominations, and these having been fairly made, they should be supported. There are men on the ticket now at the head of this column, who have never paid a dollar to the support of the Post, and who have taken especial pains within a few weeks to say unkind and unjust things of its editor, but, being regularly nominated, the Post supports them. We therefore feel that we have a right to say to every Republican, to stand by these nominations, and to be very careful that they have the proper tickets .-This we conceive to be the duty of all Republicans. Our advice to our friends then, in short, is,

VOTE AGAINST THE AMENDMENTS,

VOTE FOR THE REGULAR NOMINATIONS and above all to see that election day passes quietly, and without undue wrangling and strife. Such acts always tend to bring a party or a people into disrepute, and we hope every man will dignity of his party and himself.

- Sunday evening a terrible accident occurred on the farm of Wm. Preston, at Butler, Pa., by which three men were burned to death. They were boring for oil, and were in the well at the time the oil was struck. It scarcely reached the surface before it took fire, blazing up one hundred feet or more. The bodies were not recovered until Monday.

- The total loss from the Portland (Oregon) conflagration is \$1,158,675 insurance, \$241,000. It is proposed to rebuild the burned district immediately, making the streets wider, so as to prevent the spread of fire in future. Several sufferers from the December fire have been burned out. Ben. Halladay and other wealthy men propose to assist destitute sufferers in rebuilding their homes. Aid is asked from Chicago, St. Louis, New York, San Francisco, and other cities of wealth and means. The Portland loss is comparatively greater than that of Chicago or Boston.

- There is no longer any doubt that the Count de Paris has gone to visit Count de Chambord. He arrived at Vienna Monday, and was received by the Emperor Francis Joseph. There is much excitement in Paris over the circumstances. In view of a reconciliation of the Bourbon and Orleans branches, to which this proceeding points, a vigilance committee of the Left and the Extreme Left of the Assembly hold daily sessions, and are prepared to call the leading members of their respective parties together when the time comes to take action. The Conservatives have elected a majority of the members of the General Council in the Department of Savoy, Earl and Orne, and the Radicals-have carried the elections in Drome and the Lower Loire.

- The following was received at the SUPERIOR QUALITY and eadquarters of the army Monday:

Ho'QR'S CAMP STAMBAUGH, WASHINGTON TERRITORY, July 24th, 1873. To the Assistant Adjutant General,

Headquarters Department of the Platte. SIR: I have the honor to inform you that the Indians made an attack upon the settlement at Old Camp Brown yesterday or day before and killed Mrs. Richards and Miss Hall. First Lieut. Wheelan, with company B Second cavalry, has gone in pursuit of the murderers. I will inform you at once should I receive any news.

I am, sir, yours very respectfully, A. G. BRACKETT,

Lieut. Col. 2d cav., commanding Post. In forwarding the above report Gen. Sheridan says:

"The Indians who depredate in the Mud river valley belong to the Northern Cheyennes and Arappahoes about Fort Fetterman, and were recently represented in the peace council at Red Cloud's agency.

- General order No. 24, issued from heodquarters department of Arizona, at Prescott, July 16, by Gen. Crook, says: "In carrying out the provisions of general order No. 12, current series, from these headquarters, which required the continuance of military operations against the straggling bands of Aapches still remaining at large, the officers engaged have fully sustained the confidence placed in them, and the following brilliant results have been recently attained: First-Capt. Geo. M. Randall, 23d infantry, surrounded and captured the remnant of Det-cay's band with that notorious chief himself, in the Sierra Ancha mountains, on the 22d of April. Second-The operations of the troops under command of Captain Thos. McGregor, 1st cavalry, in the Santa Maria mountains, resulted in the surrender of Tomapie's entire band of Apache-Mojaves, on the 12th ultimo. Third-The operations of First Lieut. J. B. Babcock, 5th cavalry, in Tonto Basin, and his brilliant action on the 16th ultimo, resulted in the surrender of the two bands of Tono-Apaches, under Na-ta-to-tel and Naqui-naqu's. Fourth-Reports have just been received of the operations of Captains James Burns, 5th cavalry, in Castle Dome and Santa Maria mountains, resulting in the unconditional surrender of over two hundred Apache-Mojaves, believed to be the last remnant of all the straggling renegades in Northern Arizona. The foregoing named officers, and First Sergeant Thomas Hanlon and Sergeant

scribed is safe, and that, while the gov-

ernment lends a helping and protecting hand to all Indians who wish to remain at peace and try and help themselves in peaceful pursuits, it still remains strong to punish those who prefer war and the fruits of plunder.'

HE KIN EAT CROW.—Some boys were engaged yesterday in gathering bird's eggs for a gentleman's collection, and one, more agile than the rest, climbed to the top of a tall tree to reach a crow's nest. In it he found one egg, and carefully placing it in his mouth to avoid accidents, he descended. When near the ground he jumped down, but, alas! the jar was too heavy, and the egg was crushed in his mouth. Imagine his disgust when he found his mouth filled with egg shell and a small crow. As ANNOUNCED yesterday the three steamers were out on drill duty under direction of Chief Engineer Robinson. The Rankin at the dock, foot of Market street, threw water through 1,400 feet hose into a hogshead or tank on Third street, where the Adrian was stationed. This steamer threw water through about 750 feet of hose and emptied it into a reservoir near Sixth street. The Cape Fear engine here, took water and issuing 850 feet of hose threw water beyond Seventh street. It is to be hoped that Capt. Robinson will have these drills often that our Fire Department may work more harmoniously, and with much less noise in case of a fire.

On Monday one of our sportsmen was in the National Cemetery hunting and was loading his gun, the right hand barrel was loaded and capped, and our Nimrod was loading the other barrel when the loaded barrel was discharged and a few shot took ef-

He was in the act of looking in the muzzle when the pistol fired, the ball striking the visor to his cap tearing it to pieces and badly frightening him. There is always a possibility of a gun or pisto hanging fire and we think it would be advisable for a person to wait a little while after the cap is snapped before they go to looking in the muzzle to see what is the matter.

A London special says an election in Greenwich to fill a vacant seat in the House of Commons resulted in a conservative triumph. This is the first instance since 1852, of a conservative candidate being elected for the borough. The result, which was not altogether unexpected, caused a general depression in the liberal ranks. In well informed circles it is accepted as virtually deciding the political campaign.

It is almost certain from the indications that the Conservatives will return to power, after the approaching general election, with a fair working majority. It is already stated on good authority that Gladstone will not seek a re-election at the hands of his Greenwich constituents, and that he contemplates re-

Mr. C. P. Knight—Sir: The Paint came safely to hand as ordered—two kegs, five gallons each, and three buckets, one gallon each. As practice was slack, I did the job myself. Two weeks, (not constant work,) completed the house two coats. The last coat I applied thick, and it is now generally conceded that for enamel—like hardness, and body, and harmony of colors, there is not a handsomer job in the piace. I saved sixty-five dollars by the operation, which is an item just now with Southern people. It should be generally adopted in this State. Any country lad can apply it. S. McGILL, M. D. Very respectfully and truly,

To THE PUBLIC-It affords me much pleasure to state that in July, 1871, Front Street the Public inside and out with "Bradley's Patent Enamel Paint," for which C. P. Knight, No. 93 West Lombard Street, is agent, and, to testify to its superiority over any and all other paints for similar uses. In no private dwelling can paint possibly be subjected to the very severe test it undergoes at this establishment, where, during our daily cleaning, soap and soda are constantly applied to it, and yet it appears as sound

and fresh as when put on. Of the numerous advantages it possesses over other paints, I will only mention its being mixed and ready for use in quantities to suit purchasers, its quickly drying properties, which saves much time in the execution of work were paint is needed, and its very perceptible tenacity, which imparts beauty and durability to the objects on which it is used. As such I most earnestly recommend it to the merchants and tradesmen of our city, believing it will give them greater satisfaction than they can WM. E. SINN, possibly anticipate.

BALTIMORE, April 25, 1873.

CHAMBERSBURG, December 10th, 1872. Mr. C. P. Fours, truly, Fours, truly, JACOB STOUFFER & SON.

FROM HON. JOHN WETHERED.

Mr. C. P. Knight:—At the recommendation of a friend, I was induced to apply your patent "Bradley's" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, carries better gloss than ordinary paint, and is freer from disagreeable odor.

Yours, Respectfully,

C. P. NOTICES OF THE PRESS.

The ever-increasing circulation of this excellent monthly, proves its continued adaptation to popular desires and needs.—Indeed, when we think into how many

homes it penetrates every month, we must consider it as one of the educators as well as entertainers of the public mind, for its vast popularity has been won by no appeal to stupid prejudices or deprayed tastes.—
Boston Globe.

The character which this Magazine possesses for variety, enterprise, artistic wealth, and literary culture that has kept pace with, if it has not led the times, should cause its eonductors to regard it with justifiable complacency. It also entitles them to a great claim upon the public gratitude. The Magazine has done good and not evil all the days of its life. - Brooklyn Eagle.

AS A REPUBLICAN JOURNAL,

The TIMES will be devoted, as in the past,

to an intelligent and firm support of the

Republican Party. Its course in reference to the Tammany Ring, at a time when all the other daily papers in New York obstructed and discouraged its efforts, attests

its sincerity in the cause of Reform. The

from 1869 to the close of 1871, and there

is no sincere and honest proposal for Reform, in any branch of the Government

which will not be heartily supported by the
